A Complete Summary of Me Before You

Me Before You is written by Jojo Moyes. In the novel, the author suggests that people should embrace every moment in their lives because we can never know when things will end. Things become more serious and complicated when we find out that the main protagonist of the book is a quadriplegic male, who lives a bitter and resentful life. However, eventually something happens that will change his life.

One great thing about Me before You is that the author managed to handle the intense subject matter with the utmost ease. Moyes keeps the mood of the novel in a perfect balance between light and provocative.

Please note that we recommend reading the original novel as the summary intentionally leaves some segments of the novel out, the author of this summary not wanting to spoil the plot to a future reader.
